British melodic rock legends **FM** are pleased to announce the release of “**Don’t Call It Love**,” the second single taken from their highly anticipated 15th studio album **Brotherhood**. Released **Wednesday 6th August**, the new single is a compelling rock anthem tailor-made for rock radio. Watch the official music video on YouTube [HERE](#).

Released by **Frontiers Music Srl** on **September 5th**, FM’s **Brotherhood** album is available to pre-save digitally, and pre-order on CD and vinyl from <https://ffm.to/fmbrotherhood>.

“Don't Call It Love is an up-tempo old-school AOR track with a very 80s feel,” says FM’s founding member and bassist, **Merv Goldsworthy**. “It was one of the last songs written and recorded for the *Brotherhood* album. It’s a definite candidate for the live set and rock radio.”

It’s no surprise that FM’s ***Brotherhood*** album continues to showcase their signature blend of hook-laden AOR and blues-tinged hard rock that solidifies their status as masters of the genre.

To promote *Brotherhood*, FM will tour the UK in September 2025 with 14 confirmed shows, followed by European dates in early 2026. Tickets are available from [The Gig Cartel](#) and [FM’s official website](#).

Brotherhood showcases a band at the top of their game, with highlights including the infectious anthem "**Living on the Run**", the anthemic rocker "**Don't Call It Love**", the punchy and powerful "**Coming For You**", and the emotionally charged "**Time Waits For No One**" – all tracks that echo the spirit and melodic strength of FM’s early classics, while being unmistakably fresh and vibrant.

The opening track, "**Do You Mean It**", brings a bluesy, soulful vibe that echoes the Doobie Brothers’ classic “Takin’ It To The Streets” sound, setting the tone for the album. *Brotherhood* also features one of FM’s most powerful ballads to date, "**Just Walk Away**" – a beautifully emotional song that highlights the band’s mastery of melodic rock. Wrapping up the album is "**The Enemy Within**", a track that introduces exciting new sonic ideas while retaining the powerful and melodic qualities FM fans love.

Supporting vocals from a female guest choir add warmth and dynamic depth to "**Do You Mean It**" and "**Just Walk Away**", perfectly complementing Steve Overland’s consistently exceptional lead vocals.
