

**H.E.A.T ANNOUNCE NEW ALBUM
'WELCOME TO THE FUTURE'**

NEW TRACK & VIDEO 'DISASTER' OUT NOW

**"The future of rock music is in safe hands"
– Powerplay Magazine UK**

Hard rock sensation **H.E.A.T** light up 2025 with the announcement of their brand-new studio album **'Welcome to the Future'**, set for release on **April 25th** on **earMUSIC**.

The first single **'Disaster'**, which premiered yesterday on rock radio stations across Europe, is out today and guaranteed to snap listeners out of their winter sleep. The single was added to the A List on Planet Rock Radio in the UK. The track comes with an explosive music video that merges 80s arcade aesthetics with metal madness, directed by the renowned **Patric Ullaeus** (known for his work with Europe, Arch Enemy, Children of Bodom, and many more rock superstars).

[LISTEN & WATCH 'DISASTER'](#)

'Welcome to the Future' delivers everything that fans of the celebrated Swedish rock band love: an innovative, heavy, highly dynamic, and refreshingly melodic sound, the unmistakable vocals of frontman **Kenny Leckremo**, and an inimitable talent for catchy anthems that leave you hooked for days.

'Welcome to the Future' is now **available for pre-order** and will be released in multiple formats: **CD Jewel case, black vinyl, limited edition Neon Orange vinyl, and Digital.**
