“The most powerful voice in Canadian blues”
– Rob Bowman (Stax: Soulsville, U.S.A)

“Indispensable, Samantha Martin, the new Southern soul tornado”
– Paris Move

“Samantha Martin is a rock star; she’ll tear your heart out one note at a time”
– Serena Ryder

“No one will need heating this coming winter, just put on the new live album by Canadian singer Samantha Martin and her outstanding soul/roots band Delta Sugar.”
– Ralf Deckert, Bluesnews

Two-time JUNO Nominee ‘Samantha Martin & Delta Sugar’ release their third single “Them Changes” from their upcoming record *A Beautiful Buzz*. The single is available on Friday April 24th on all available platforms [HERE](#). Stream the audio on YouTube [HERE](#).

Originally written and recorded by soul-rock trailblazer **Buddy Miles**, “Them Changes” has long stood as a defining statement of late-’60s funk-infused rock, driven by its hypnotic groove, raw emotion, and unmistakable urgency.

Samantha Martin & Delta Sugar reimagine the classic through their signature lens of vintage soul and powerhouse roots music, transforming the track into a bold, full-bodied revival that leans heavily into the band’s dynamic 10-piece line-up. Anchored by a deep, pocket-driven rhythm section and punctuated by blazing horn arrangements, the new interpretation amplifies the song’s swagger while pushing it further into gospel and Southern soul territory.

Samantha Martin & Delta Sugar are set to release their new live album *A Beautiful Buzz* via **Gypsy Soul Records** on **May 22, 2026**. Captured during the band’s *Love Is All Around* tour across Western Canada in 2022, the album documents the raw power, soul, and communal energy that have made Samantha Martin & Delta Sugar one of Canada’s most electrifying live acts.

The CD and limited edition gatefold double vinyl editions of the album are available from www.samanthamartinmusic.com/store with the digital edition available on all streaming platforms [HERE](#).

Samantha Martin & Delta Sugar occupy a rare space in modern roots blues music: deeply reverent of soul and gospel tradition, yet unafraid to push those forms into something louder, sweatier, and fiercely alive. Led by Martin’s unmistakable, powerhouse vocal delivery, the band has earned a reputation as one of Canada’s most

commanding live acts, equal parts grit, grace, and emotional force.

A two-time **JUNO Award nominee** and seven-time **Canadian Blues Award nominee** for **Female Vocalist of the Year**, Samantha Martin has long drawn comparisons to the great soul shouters of the past. As *Rhythm & Booze* put it, “Samantha Martin’s name can be talked of in the same sentence as Etta James, Tina Turner, and Aretha Franklin. It’s soul for the modern age with a turbocharger.” *Paris Move* (France) went further, calling her “indispensable, Samantha Martin, the new Southern soul tornado.”

Those comparisons aren’t casual. Over the course of their catalogue, discerning listeners will hear echoes of Mavis Staples, Sharon Jones, Otis Redding, Booker T. & the MG’s, and the Memphis Horns, all filtered through a modern, road-hardened sensibility. It’s classic soul DNA delivered with contemporary urgency and volume. As *Glide Magazine* noted, “a jaw-dropping display of vocal prowess that highlights this band’s brand of supercharged blues. Comparisons of soul greats run rampant, but like Brittany Howard, Samantha Martin might be the next musical game changer.”

Mixed by **Renan Yildizdogan** and **Ross Hayes Citrullo**, the in-house team at Gypsy Soul Records, *A Beautiful Buzz* marks a first for the band: a long-overdue live album capturing the raw electricity that has defined Samantha Martin & Delta Sugar onstage for over a decade.

Recorded during the band’s ***Love Is All Around*** tour across Western Canada in 2022, *A Beautiful Buzz* was born under extraordinary circumstances. Originally scheduled for January and repeatedly delayed by the final wave of COVID-era disruptions, the tour finally launched in November, with Martin six months pregnant. Undeterred, a 13-person touring party loaded into a sprinter and rental car and pushed west from the sub-zero cold of Saskatoon toward the West Coast.

Night after night, the shows carried a heightened emotional charge, but one final performance stood apart, crackling with urgency, joy, and the awareness that one chapter was closing just as another was about to

begin. That moment became *A Beautiful Buzz*, a testament to resilience, love, and transformation, capturing a band at full throttle and an artist on the edge of profound personal change.

For many listeners, the album lands somewhere in the lineage of Joe Cocker’s *Mad Dogs & Englishmen*, a communal, unrestrained live soul revue where horns, grit, gospel, and sweat collide. It’s not a polished live souvenir; it’s the sound of a band at peak intensity, feeding off the room and giving it everything back. With a new studio album already in development for 2027, *A Beautiful Buzz* stands not as a detour or placeholder, but as a deliberate statement, finally committing to record the live force that made Samantha Martin & Delta Sugar essential in the first place.

“The *Love Is All Around* tour, initially set for January 2022, faced the trials of postponement until November 2022—marking the closing chapter of COVID-era delays. By the time the tour kicked off, I was six months pregnant with my son. I’ve never been one to be easily deterred. So, clad in a winter jacket that barely zipped, our 13-person touring party loaded into a sprinter and a rental car and embarked on a tour from the sub-zero temperatures of Saskatoon to the balmy West Coast of Canada. Each show was a

whirlwind of energy and emotion, but one stood out above the rest. Perhaps it was the excitement of the final show, or it was the realization that my life was about to change in a big way. Whatever the reason, the atmosphere was electric, filled with a beautiful buzz that I wanted to share with you. This album captures the magic I felt, and is a testament to resilience, love, and the power of music amidst life's transformations.” –

Samantha Martin
