“The Zac Schulze Gang are a phenomenon in the making.”
– Metal Planet Music

Off the back of their **sold-out concert** at London’s **Islington Garage** on **Saturday April 11**, and winning the **“Young Artist of the Year”** award for the second year in a row at the **UK Blues Awards 2026**, Kent blues rock trio **The Zac Schulze Gang** are pleased to announce their **2027 UK Headline Tour** which includes their biggest London concert to date at **The Islington Assembly Hall** on **Saturday February 27th**.

Tickets go on sale **10am** on **Friday April 10** from [alttickets.com](https://www.alttickets.com), [Gigantic.com](https://www.gigantic.com) and [The Zac Schulze Gang](https://www.zacschulzegang.rocks/tour).

The band are best known for their explosive live shows and their signature blend of 70's classic blues rock and modern alternative influences. Guitarist Zac Schulze commands the punk intensity of Wilko Johnson, the blues rock finesse of Rory Gallagher, and the adrenaline-pumped rock presence of AC/DC's Angus Young.

Over the past few years, the Kent-based trio have built a loyal following who are fans of their blistering, raw-to-the-bone live shows. They've toured the UK and Europe extensively and have supported the likes of Samantha Fish on several tours. Their explosive sound combines classic British R&B with punk urgency, first-class musicianship, and non-stop onstage excitement.

Released in September 2025, the band's debut album [*Straight To It*](#) says it all. The trio doesn't mess around with niceties, preferring to play the kind of blues-infused rock'n'roll that grabs you by the throat.

Guitarist **Zac Schulze**, is a world-class shredder, playing with precision, speed, and passion, but the focus of the trio isn't just his solos. The Zac Schulze Gang is an undeniable gang, a group unified by a like-minded sensibility that adds an electrifying charge to their rock'n'roll. Zac rides the thunder generated by the rhythm section of his drummer brother **Ben Schulze** and bassist **Ant Greenwell**. The trio create a massive roar, all without losing sight of what matters most, the songs.

The Zac Schulze Gang's sound and work ethic harks back to the much-loved live dynamic and relentless touring schedules of 70s icons including Rory Gallagher and Dr Feelgood. Their unique sound also embodies elements of heritage classic rock acts like AC/DC and Thin Lizzy, while giving a nod to contemporary influences like Turnstile, Royal Blood and Queens of the Stone Age.

The Gang have made lasting impressions at festivals including *Eric Clapton's Crossroads*, *Planet Rock's Winter End* in 2023 and *Fairport's Cropredy Festival*, and the *Rory Gallagher Tribute Festival in Ballyshannon* where the band first exploded onto the scene.

Zac Schulze won **Emerging Artist of the Year** at the **UK Blues Awards 2024** and followed this by **winning Young Artist of the Year** at the **UK Blues Awards** in **2025** and **2026**. With sold-out concerts in the Netherlands, Germany, and the UK, the Zac Schulze Gang are the band to watch.
