**“Wood Burnt Red aren’t knocking on the door of the UK country-rock scene anymore. They’ve kicked it wide open.” – [Jace Media Music](#)**

Following hot on the heels of their previous singles “Fire Me Up” and “Best Things,” and their critically acclaimed debut album *Hold On Tight*, UK Southern-rock four-piece **Wood Burnt Red** are pleased to

announce their new single “**Count My Blessings**” (radio edit) released on **Wednesday October 14<sup>th</sup>**. The single is available on all streaming platforms [HERE](#). Watch the official lyric video [HERE](#). The album features eleven tracks written by the band and produced by **Tyler Spicer**. The CD and vinyl edition of the album is available [HERE](#). The digital edition of the album is available [HERE](#).

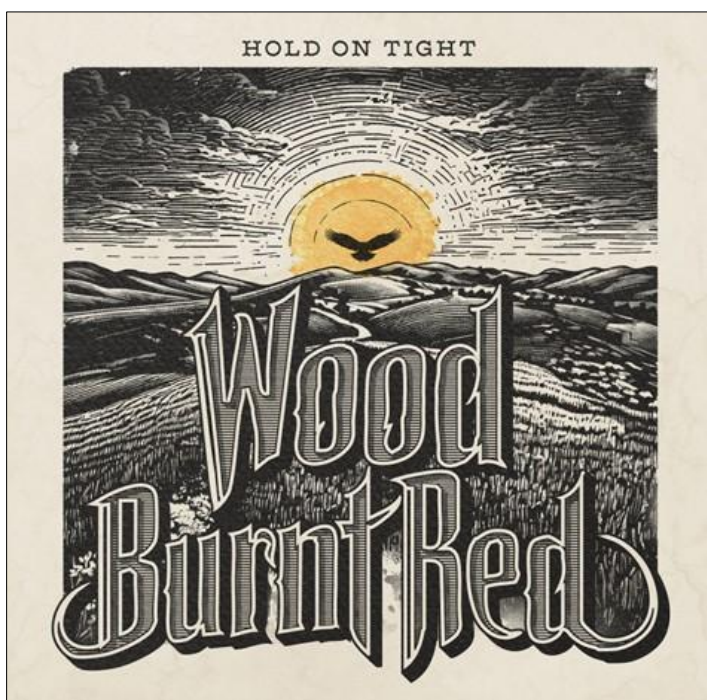

Wood Burnt Red are busy touring the new album over the six months. They are special guests on [Parker Barrow’s UK Tour](#) (November 25 – December 4). The band play **Planet Rock’s Winter’s End Festival** on **Thursday January 28**. They’ve just been confirmed as special guests on [Danielle Nicole’s UK Tour](#) (February 17 –21). Tickets for all shows are available from [www.woodburntred.com/tour](http://www.woodburntred.com/tour).

“Count My Blessings is about the battle with addiction,” says Wood Burnt Red’s lead singer and guitarist, **Tom Frankin**. “Addiction is a constant battle even after the habit is kicked. The urges don’t just go away, hence the saying *once an addict, always an addict*. It’s a constant fight. It’s about the feeling of *Right, I’ve stopped it now, so why don’t I feel better? why am I not fixed? Why don’t I feel normal*” and trying to find that reason to feel whole again.”

“Addiction is often seen as the devil’s work, as though you have sold your soul. Getting clean can therefore feel like a second chance, and some people thank God for it. Whether the addiction involves alcohol, drugs or gambling, the urges do not simply disappear. You have to find healthier ways to cope.”

**“Hold on Tight is an incredible album full of music, stories, and life lessons. This is an album that demands attention.” – [Metal Planet Music](#)**

**“Wood Burnt Red prove that authenticity still has the loudest voice in Southern Rock.” – [The Sound Cafe](#)**

*Hold On Tight* is the debut album Wood Burnt Red were born to make — a thunderous, heartfelt statement from a band hitting full stride. Rooted in country, fuelled by rock and roll, and forged from real-life stories that hit hard because they are true, it delivers eleven tracks of unfiltered emotion, huge hooks, and raw Southern-rock fire from one of the UK’s most exciting new bands.

They did not set out to make something safe or polished; they set out to make something honest, loud, and alive — and that honesty is what makes *Hold On Tight* hit with such force. From roof-raising anthems built for crowds to roar back every word, to bruised, intimate moments that stop you in your tracks, the album charges through love, loss, resilience, survival, and the turning points that define us. It

is the sound of a band firing on all cylinders: explosive when it needs to be, vulnerable when it has to be, and unmistakably Wood Burnt Red from the first ringing guitar chord to the final note.

**“Wood Burnt Red use the ingredients of country, blues, and Americana to create a special smoking flavour that feels natural.” – [Rock ‘N’ Load](#)**

**“Wood Burnt Red have delivered a confident, energetic release that should appeal to fans of modern country rock, while retaining enough classic influences to satisfy those who like their guitars with a little Southern grit.” – [Rock The Joint](#)**

**WOOD BURNT RED – BIOGRAPHY**

Wood Burnt Red are a UK-based four-piece blazing a trail with an electrifying fusion of southern rock grit, country soul, and arena-ready swagger. Lifelong friends turned bandmates, they channel decades of brotherhood into songs packed with raw emotion, big-hearted hooks, and real-life stories of love, loss, resilience, and the defining moments that shape us.

Fusing rock swagger with country storytelling, their sound is bold and unmistakable: searing guitar riffs, powerful harmonies, and lyrics that cut straight to the core. Their on-stage chemistry is undeniable, forged through decades of friendship and shared history, creating performances that feel as authentic as they are explosive.

With more than half a million Apple Music streams and a coveted spot on Apple’s “*Today’s Country*” playlist, Wood Burnt Red is building serious momentum. With their debut album *Hold On Tight* set for release in September 2026, they are ready to deliver everything from whiskey-soaked ballads to foot-stomping anthems made for roaring crowds — songs that resonate as deeply as they energise and uplift your spirits.

Praised by Planet Rock’s Elles Bailey as “the UK’s answer to Brothers Osborne,” Wood Burnt Red are carving out a distinctive place in the Southern Rock and Modern Country Rock music scene. They are just getting started.
